

Angle investigation

Enquiry question:

Prediction:

Do you think there will be...

More acute angles near the top of the tree.

More acute angles near the bottom of the tree.

No pattern in the angle and the height up the tree.

I think there will be

.....

I think this because.

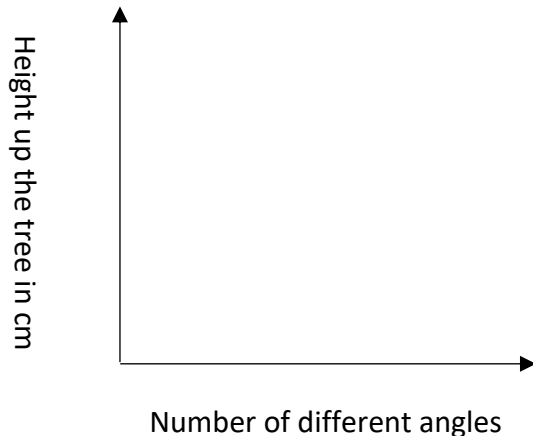

.....

Results table:

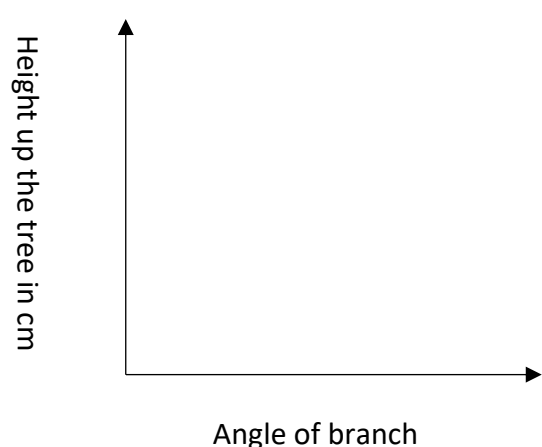

Height up the tree	Acute angle	Right angle	Obtuse angle	Straight angle

Graph:

Bar graph

Line or scatter graph

Conclusion:

As you go up a tree the pattern

.....

.....

Evaluation:

What went well.

Problems I encountered

I can make it better by
